

Welcome to Year 5

27.3.20

Good afternoon,

We hope this finds you all well!

Here is a list of some more links that you may want to use with your children at home...

- Joe Wickes has a great start to the day, at 9:00am.

You might need to subscribe to his YouTube channel. If you do not wish to subscribe to complete it live, all his previous daily workouts can be accessed. Teachers up and down the country are aching from these work outs!

Reading

- David Walliams is posting a story everyday that the children can listen to:

Maths

- Hamilton Trust have put the first two weeks of free 'Daily Dose' maths and English activities on the 'Learning at Home' section of their website,

organised by year group. The maths work includes teaching points, learning reminders and differentiated activities. If your child is finding the activities aren't at an appropriate level of challenge, they could always try the resources from a different year group. We have been assured that they will continue to provide these daily lessons matched to the Y5 curriculum, some of which include short PPTs too.

- White Rose Maths – the maths planning order that we use in school – have provided an overview of each year group's maths curriculum and a document for each topic with the teaching broken down into steps.

- Below is a link for website that covers all areas of maths:

<https://www.mathswithmum.com/primary-maths-lessons/>

- And lastly for today, another good website for maths. It has lots of resources but it has levelled 5 - a - day, daily maths challenges:

Writing

The original writing suggestions that we made are still appropriate, particularly as many of them could be ongoing.

Please encourage your children to focus on quality rather than quantity.

At school we emphasise the importance of neat joined handwriting, careful presentation, correct use of punctuation and grammar and adventurous vocabulary choices.

- Below is a link for a YouTube channel that provides writing challenges everyday live, all the previous lessons have been stored:

We hope that you find this information useful, we don't want anyone to feel overwhelmed. We are very aware that everyone's circumstances are different and anything that you do manage to do with your children is very much appreciated.

Kind regards,

The Y5 Team.
