

Advice for EAL families with young children in EYFS and pre-school

Are you worried that your child has just started school or nursery and they are no longer learning English every day?

First, don't worry! Children under five learn best through play. Develop their home language by talking, playing and chatting. Follow your child's interests.

Your child will benefit **MOST** from developing their home language at home with you! Why not try these multilingual resources by clicking the pictures?

A growing collection of short stories including traditional tales from around the world.
