

Next Week's Learning in Reception

Week Commencing: 28th September 2020

Phonics

In Phonics we will be learning and practicing letters/sounds s a t p (set 1) and starting to practise oral blending and segmenting:

- Practise forming the letters in the air with our magic Peter pointer fingers.
- Listen to the jollyphonics songs (available on youtube for each letter)
<https://www.youtube.com/watch?v=ECjT3XFz04U>
- Practise oral blending words containing set 1.
- Introduce sound buttons and model on: 'tap' 'sat' 'pat' 'at'
- Jumping hoops, a different sound in each hoop. Land on it to make the sound.

Maths

In Maths we will be looking at sorting:

Can you sort objects in the following ways?

- By weight - is it heavy or light?
- 2D shapes - do they have 4 sides or a different amount?
- By size, can you sort small objects and large objects?
 - By finding the odd one out

Topic Time

'What Makes Me a Me?'

This week we are focusing on what makes our homes special and what is special about our local area.

- Look at different houses and discuss what is special about our homes.
- Use google earth to explore our local area.
- Look at a map of our local area and create our own map of things nearby!
- Make your house using junk modelling / lego / construction materials.

RE

Thankfulness -

What are you thankful for?

Focus on the idea that everybody in the class is special and unique. Each child even has their own special home.

Nobody's homes are exactly the same and we must be thankful to God for our homes and communities.

We will also be talking all about hope:
