- Encourage independence in all learners; this is promoted by ensuring that independent work tasks are matched as far as possible to the strengths of the learners
- For those learners who require a more specialist approach to learning, class teachers are encouraged to discuss approaches to differentiation with specialist staff, for example the SENDCO or the Learning Support Teacher
- Personalised timetable (if required) that incorporates variety of individual programmes in addition to classroom activities

- When children's needs are initially identified a discussion takes place between professionals and parents/ carers. Targets are discussed and the support the child needs to meet these outcomes will be agreed
- School staff are usually best placed to advise on the nature of the support / provision needed, but occasionally the school seeks the support of other agencies to advise on this
- Parents/ carers are fully involved in decisions about support and provision that is additional to that received by the majority of children
- If there are differences of opinion about the nature of support required the advice of external agencies (Parent Partnership) may be sought to support the decision making process
- Parents/ carers and professionals involved in the child's learning will be invited to review meetings. Progress towards targets and next steps are shared and the impact of extra support/intervention is evaluated.
