Online Safety

Keeping children and staff safe online is a vital part of safeguarding and contributes towards us meeting our whole school safeguarding obligations outlined in Keeping Children Safe in Education. All the children at St Thomas' C of E Primary School are taught about online safety as part of the curriculum. We strongly believe in the importance of giving children the facts and knowledge they need to stay safe online and when using social media. Here you can find out the latest advice on how to use the internet and new technologies safely and responsibly. You can also find a range of practical resources, news and events. If you have any individual questions then please contact the school office and ask to speak to the Headteacher.
