## **Online Safety:**

Teaching children how to stay safe online is becoming more and more paramount every day. In school we have SMART rules and CEOP posters displayed in every classroom. Children spend their first half term in school learning about online safety in Computing lessons. The digital leaders in school also help develop ideas for how to promote online safety amongst their peers- there are two digital leaders in each class. In the library area, there is also an online safety worry box which is checked regularly.

Please help support us in educating children about this by implementing rules and regulations at home.
