# Infant Eco Group

# Our aim – to make the infant site greener

- to make the playground a more attractive place for the children to play;
- to improve air quality;
- to foster in the children a love of the environment and nature;
- to support the school's curriculum and learning;
- to create a space which supports the physical and mental health of the children.

# Progress to date - before.....

.....and after

# What's next

# Get involved
